this week's activity...

LEARNING THROUGH FUN GAME

We believe an important part of helping children to love the gospel is bringing joy into learning. Each week a section of our kit is devoted to learning through fun, including crafts, games and coloring pages. Games can be a great way to reinforce learning, teach in new ways, or review the things taught throughout week. You can involve the whole family and even use the games in a classroom setting too.

We ask you please NOT share this digital file with anyone else. You may give a printed copy but never the actual digital file. In order to own a digital file, it must be purchased. We ask that you do NOT post this file or images from this file on a Facebook page, Instagram account, website, or anything like it for the purpose of sharing or selling it. We ask that you NOT change this file in any way or take pieces of the file (including clip-art) to create your own files. Taking art from this kit to create something new for any commercial or personal use is prohibited. This includes translations. We ask that you do NOT use any part of this file for commercial use in any way.

MATTHEW 4:18-22

TO PREPARE:

1. Print this page and the next page onto white cardstock.
2. Cut out all the fish.
3. Make a fishing pole by tying a string onto the end of a stick. Tie a paperclip onto the end of the string.
4. Set up a blue blanket over a table.

TO TEACH:

1. Tell the story of Jesus calling Peter, Andrew, James, and John along the seashore of Galilee. You can also show the video linked in the QR code.
2. Explain what it means to be “fishers of men” instead of fish (they would spend their time teaching others about Jesus instead of catching fish).
3. Explain that we can also be fishers of men. On each fish is something children can do to help others learn about Jesus. Let each child take a turn fishing for a fish by tossing their fishing line over to the other side of the table (then you clip a fish to the paperclip).
4. The child then sees their fish and everyone can then act out specific ways they can do what is written on the fish.
